

SAFETY SURFACE OPTIONS

Safety Surfacing Is a great addition to your fitness park! As you are choosing the products to include in your fitness park it is important to note that surfacing is now required (per ASTM F1292 and F3101-15). We have included a surfacing symbol (reference key below) for products that do require surfacing to comply with these new ASTM standards.

There are many options to choose from, please contact us and we will put you in touch with an expert that can help guide you in choosing the best surfacing solution for your area!
