

Bat Houses come fully assembled and include instructions for placement and mounting.

*Posts and hardware for mounting are not included and need to be purchased separately.*

- Heavy duty, weather resistant & maintenance free!
- Made from  $\frac{5}{8}$ " thick plastic sheeting made from recycled HDPE (#2) plastic
- Resists fading, won't peel and never needs to be painted or stained
- HDPE does not leach chemical toxins
- Stainless steel fasteners do not corrode or rust
- Interior walls have machined grooves  $\frac{1}{2}$ " apart for climbing and roosting, which are safer than plastic netting or metal mesh

Interior grooves

**NOTE:** For cooler climates (Blue Area) BCI recommends darkest color without side vents to retain more warmth

### Choosing a Bat House Color

Use this map to determine color and if side vents are recommend for more warmth for a Bat House based upon July average high temperature and amount of sun exposure.

- -Darkest Color-Charcoal-without side vents
- -Dark/Medium-Charcoal or Cedar w/side vents
- -Medium/Light-Cedar/Weathered w/side vents
- -Lightest Color-Sand w/side vents
